## OFFICE DIRECTIVE

As safety is a top priority for CIL and a crucial component of our overall business strategy, the wearing of fluorescent jackets, safety helmets, and safety shoes is mandatory for everyone within the operational areas of mines and collieries.

Therefore, it is directed that all officers, staff, and workers must wear fluorescent jackets, safety helmets, and safety shoes, and adhere to all safety procedures when inside the operational areas of mines and collieries.

Additionally, Colliery is also directed to ensure that all coal consumers wear fluorescent jackets, safety helmets, and safety shoes and follow all safety procedures during the loading of coal into trucks and rakes within the loading operational area of the colliery to prevent any untoward safety incidents.

This directive is issued for strict compliance.
